Dear Parent/Carer

A new year means a new start and we are really pleased to announce that we have worked hard to make a fantastic opportunity made available for you and your child in 2023!

As part of the expansion of our Wandies Minis section we are re-launching our 'Next Gen Wandies' programme and looking to deliver another regular weekly session that will be made available for your child.

As of February 3rd we will deliver a weekly session every Friday at 1pm until 210pm. (The 1pm is a soft start, session commences at 110pm allowing time for children to arrive from school)

The session will take place at the Tynecastle High School Astro. Changing facilities will be made available. As the weather gets warmer the sessions will be relocated to Roseburn Park.

The sessions will be ideal for any beginners and novices and will be of an introductory nature, designed with our favourite games and comparable to the sessions that we have delivered in your school.

The Friday sessions are open to all children from P4-P7 and will run alongside the school term.

With this in place your child will have two rugby playing opportunities a week with a Friday session and our Sunday session (Roseburn Park 12-1.15) available to you, which we both strongly encourage you to be a part of.

The Friday sessions are **FREE** for the children who attend the primary schools in Wester Hailes and Tynecastle, while in order to train on Sunday and experience competitive opportunities you will need to be a club member (£40 per annum), however we will be offering a free trial to ensure your child has time to integrate into the programme.

If you have any other questions in relation to the programme we are looking to run please get in contact on [murrayfieldwanderersdo@hotmail.com](mailto:murrayfieldwanderersdo@hotmail.com).

As places are limited, we encourage you to sign up your child to our Friday sessions as soon as possible by scanning the QR code on the front page
