

Primary 1 Intended Learning Plan

What will we be learning this term?

Language - Reading, Writing, Listening and Talking

This term we will continue to develop our knowledge of phonic sounds. We shall also focus on tricky words, incorporating them into our writing. Our focus is on writing simple sentences independently, using capital letters, full stops and finger spaces.

We will continue to send reading books home every week. Please support your child by sharing these books with them, remembering to revise the words and sounds at the beginning and discuss the questions at the end.

Mathematics

This term in **Numeracy** we are focusing on sequencing numbers, addition, doubling (and doubling + 1), making equal shares and simple subtraction.

In Maths we will be learning about **Money**. We be looking at all the coins and the children will design and create their own class shops to practise counting money and working out change due. We shall set tasks on Sumdog so please check regularly for new challenges.

IDL

This term our topic will focus on Living Things.

We shall be learning about keeping our bodies and minds healthy. We shall also be learning about looking after other living things, such as plants and animals.

Our classroom will be host to some wriggly caterpillars and we shall track their life cycle as they change to beautiful butterflies.

Science

We will be learning about plants. As we observe daffodils in our garden, we will note the various parts of the plant and their functions. We shall also have a go at growing our own!

We shall also be investigating water. Why is water important to all life on earth?

The children will have fun experimenting with ice and warm water – have a look at our homework grid for some ideas!

Expressive Arts

Art

As part of our Butterflies topic we shall explore symmetry in art and have a go at creating some pieces ourselves.

Music

We have been lucky to have Malcolm from Youth Music Initiative come into our class every Monday. He has been teaching us some lovely songs based on our topic this term.

Health & Well-Being

This term we look forward to our annual "Health Week". Please ensure your child wears clothes appropriate for outdoor sports every day.

Our topic for Building Resilience this term is **Expect The Unexpected**. We will be using junk materials to create a new boat for Skipper. Please see the family task in your reading bag.

In P.E we are doing team games and working with a dance teacher during the month of May.

Planned opportunities for wider achievement.

- Everyone shall be taking part in our wonderful Health Week which is the week beginning 6th of June.

Important Information

- Please send your children in outdoor clothes such as a tracksuit and sports shoes during Health Week.
- Please make sure your child's clothes are named.
- Please remember not to allow your child to bring toys from home into school.
- Reading bags go home every Monday and will be kept in school on Fridays to allow time for changeover.

Dates for your diary and reminders.

- **Gym days are changeable this term. Please make sure your child has a gym bag on their peg every day. They will need sports shoes and appropriate shorts/leggings/ t shirt.**
- **Monday & Tuesday 1st & 2nd May** - May Day holiday/In Service day - school closed
